

About our company:

SOLS Energy is a #madetoimpact organization. We believe in creating a sustainable future with the power of the sun at our backs. We are a leading solar energy provider in Malaysia on a mission to equip homes with the latest in solar technology helping people save money while saving the planet. We are a Petronas backed venture which has grown considerably over the past 3 years and are now charting the next stage of our growth. SOLS Energy also runs the first Solar Academy in Malaysia that offers technical skills in the solar industry and personal development training programs to local youth.

About the role:

The Graphic Designer is a key support function to the overall business as you aim to deliver high end content and collateral for use in our marketing campaigns and internal branding.. Being true to our vision and mission and having a keen eye for detail in order to tell our amazing stories is expected of this role.

Job Description:

- Creating design collateral and concepts for digital marketing channels such as social media, landing pages, newsletters, and more.
- Ensure branding consistency by adhering to organisation's brand guidelines for internal and third party designs.
- Conceptualise and develop brand elements for consistent use across all collateral.
- Designing print materials such as banners, buntings, t-shirt, books etc.
- Assisting with other design needs such as storyboards, proposals, presentations, etc.
- Collaborate with the marketing team to create new strategies and ideas for social media marketing, EDM, video and website creatives.
- Assisting with scheduling designed content for social media posts.

Job Requirements:

- Bachelor's degree in graphic design or equivalent.

- Min. 2-5 years of experience in graphic design at an agency, in-house design team or equivalent.
- Highly proficient with Adobe Suite (Photoshop, Illustrator, Indesign etc).
- High English proficiency (written and verbal), Bahasa Malaysia a plus.
- Great attention to visual details.
- Agility to deliver high quality content on tight deadlines.
- Ability to deliver high-quality final artwork.

What's in it for me?

- Competitive remuneration package.
- Working in an agile driven environment with individuals from all walks of life
- Being a part of a #madetoimpact organization and knowing that every aspect of work you do helps to support the B40 communities across Malaysia.
- Career growth potential in an ever evolving startup.
